## Candidate for Vice President of San Francisco

**Rinaldi Wibowo**, City and County of San Francisco, Project Manager/Associate Engineer SFO Airport, Professional Engineers Chapter

I am asking for your vote for VP San Francisco on the Executive Committee.

I have the breadth and depth of experience to represent you. I have worked with many L21 job classifications such as engineers, architects, landscape architects, technical engineers, admin analysts, accountants, planners and scientists from DPW, PUC, DPH, MTA, Port, Rec and Park, Library on multi-million dollar capital projects. I am currently managing multi-million dollar capital projects at the Airport. At City Hall, I have worked with City's Administrator office and also with the Mayor's office.

The San Francisco VP has the most direct impact to you. The VP creates the agenda for Local 21's SF Council and facilitates monthly meeting. The VP position requires me to represent all Chapters and all job classes in bargaining with CCSF (2019).

Endorsed by Executive committee: Gus Vallejo (President), Larry Griffin, Jenna Castro, Peter Luong

## Candidate for Vice President of San Francisco

**Danielle J. Harris**, City and County of San Francisco- Municipal Transportation Agency, Senior Transportation Planner, Planners and Environmental Specialists Chapter

As a Bay Area native, Local 21 leader and young professional, I hope to stay and build a family here.

Today, many Local 21 members are faced with the economic challenges of the housing crisis, rising childcare costs, college loans and the overall increasing cost of living in the Bay Area. We must continue to organize and fight for a competitive living wage for members. A wage that reflects the value of our expertise and contributions to the communities we love and serve.

As Vice President for the CCSF Planners and Environmental Specialists Chapter, I engage existing members and activate new colleagues. By listening to their needs and issues, like hiring inequity, telecommuting policies and working out of class, I increased members' awareness of union issues, improved meeting attendance and organized working groups to resolve issues.

I am committed to building an even stronger Local 21 and will continue to engage this union's membership

In accordance with the Election Guidelines, candidate names will appear on the ballot and guide in the order they were drawn out of an envelope (we used random drawing rather than alphabetical order to determine placement).
